
The HumanIT Project - Member Agreement

Congratulations on your decision to become a Member of The HumanIT Project (HIT). We are glad to have you along for the journey. Your interest is important to us and means that you are looking forward to being paired with a Charity Partner as soon as we can make a good match.

Below are some of the obligations of HIT Members and the rules of the road for HIT project delivery. If you have any questions don't hesitate to ask!

Member Obligations

- Participate in discussions required for matching of Partners to Members as facilitated by HIT
- Take full responsibility for the successful delivery of the agreed upon Partner project working within the costs and affordability of the charity partner
- Be innovative when facing challenges, proposing solutions and resolving issues
- Keep the objective of the social impact at the forefront during the project encouraging participation and learning from all resources
- Be an advocate for HIT and the social impact of technology within your organization

HumanIT Project Delivery Guidelines

- HIT will work with the Partner Charity to define scope and requirements
- The Member organization will provide effort and timeline estimations and work with HIP to craft the SOW
- The Member will provide the resources and tools necessary to deliver the project
- HIT will assign a Project Designate (PD) to support the delivery. The PD should be provided with regular updates and will provide support wherever necessary.
- The Member will participate in regular communications activities (articles, tweets, etc) and a post project review including the creation of a Case Study
